Sub: Industries - Sericulture - Wells - Construction on sub-grainages, and combined silk farm and grainage etc., in Kollegal taluk.- trial borings - Expenditure - sanction - Requesting.

In G.O.Ms.No.1226, Development, dated 20-3-1944 and Ms. No.524, Development, dated 7-2-44 Government accorded sanction to the expenditure on the construction of wells at the three sub grainage sites at Kamakarai, Kunthur and Hanur, and the combined silk farm and grainage at Bandally - Saggiam respectively in the Kollegal taluk. Before construction could actually be undertaken, however, it was thought advisable to put down trial borings to ascertain whether good water could be tapped on the sites. Accordingly three borings have already been put down to a depth of 55 ft. below ground level and water has been tapped. On an average the cost of each boring has been

p.t.o.

estimated at Rs.700/-. Five trial borings are proposed to be put, one each at Kamakarai, Kunthur and Bandally and two at Hanur (one at the sub-grainage site and the other at the cocoon market site). I request that Government will be pleased to sanction the incurring of a total expenditure of Rs.3500/- on putting down five trial borings at the rate of Rs.700/- each. I shall address Government separately for sanction to the expenditure on constructing a well at the Hanur cocoon market site. I also request that my action in putting down trial borings in anticipation of Government sanction may be approved.

The expenditure on four borings, Viz., at the three sub-grainages and one at the combined silk farm and grainage may be debited to 43.a. Industries - Industries J.3. Propagation and supply of disease-free seeds and that at the Cocoon market to J.4 control and marketing.

for Director of Industries & Commerce.
